Teaching and Learning	For excellence in academic performance results are analysed, identifying the areas that need additional emphasis. To improve students' performance remedial classes are undertaken, at times peer learning is also implemented. Efforts are made to provide real life learning experiences to students by organizing field trips, industrial visits. Experiences of these kinds encourage students to do out of the box thinking and sensitise them to ground realities of life. Besides, modern method of teaching like seminars, PPT, guest lecturers, group discussions is conducted.
Research and Development	Research projects are undertaken by the students and the faculty members from time to time. Students are encouraged to learn research tools and methodology through class seminars, assignments, project works and mentorship by faculty. Faculty members have worked on many minor research projects funded by UGC. The college

facilitates such research activities by providing logistics and timely dissemination of information regarding the research project by various agencies. To motivate the faculty in research and development their participation is encouraged on attending seminars and workshops by providing OOD and necessary financial support.
