Report of Functional English Add-on course for 2021-22

Functional English as an Add on Course was offered to enable students to develop confidence and fluency in English. It encourages students to read more and make a study of the key words in the texts and identify the main purpose of the text. It activates the students to involve themselves in listening, speaking, writing, and reading: thereby hone up these four important skills of language learning. These language activities motivate them to read in English and then speak about what they have read. Students are drawn towards the study of phonology and they are trained to pronounce the words distinctly as per the IPA norms.
